Changing lives, including yours

January 2022

To all the Staff, Parents/Carers and Pupils at Manor Park Primary School,
Happy New Year.

Thank you so much for all your donations towards our shoebox appeal and all the boxes the children decorated and filled. These boxes will go to the Spring of Life School which provides education for one of the poorer communities in The Gambia.

Since COVID, people in The Gambia have been struggling; the lack of tourism has meant that people have not been able to work and so have struggled to buy food and provide the basic essentials for their families. Your shoeboxes will therefore make a huge difference to the children who otherwise would not be receiving any toys and presents. They will be so excited to receive them.

Thank you so much for all your support and generosity, we really do appreciate it.
